Gedore

about us...

The Gedore story began in 1992 with the manufacturing of locks. since then, Gedore locks Industries has bring many innovative products in the locks industry. With the experience of 27 years in the market, the company has set major challenges for the competitions regarding the best quality products and fast services. From state-of-the-art manufacturing and trading facility in Aligarh, Gedore locks Industries provide locking solution that reach home, office, industries among several parts of India.

A symbol of trust and security along with quality for 27 years, we are proud that locks on our buyers door are symbol of unified faith and trust. It goes to show how our customers have placed their trust and confidence in us. Since our beginning from 1992, it has been our endeavour to constantly evolve and design products and services that exceed the expectations of individual and institutional customers. Over the years, our locks have changed in form, function and scope of application, but one thing remains constant the solid stamp of trust and reliability.

With our products and services now reaching several parts of the country, the brand has come a long way in delivering best locking solutions. Our continuous efforts for innovation, research and on-time delivery ensures our customers keep coming back for more.

Real security is Knowing exactly what you want and getting it

When you know exactly what you want, you to waste time finding out whether it meets your project specifications. That's why we offer the world's largest team of hardware specification writers to help you and your clients turn you vision into reality. And when it comes to products, our commercial suiting options, wide variety of lever designs and rich selection of finishes give you the tools you need to make your projects perfect. You Know what you want. With Schlage, you can be sure you'll get it.

Safety, Security and Confidence

When you choose a Gedore lock, you can be sure you've done the job right, the first time. After All, our products are among the most durable and dependable of the market today. Our lacks are easy to install, and simple to repair and maintain, That means fewer Call back for you, and total safety and security for your customers.
